

Kaolin

PRODUCT INFORMATION SHEET

A fine mineral ingredient for feed applications, with composition and particle size specified per offer.

Country of origin

Confirmed per quotation

Packaging

Bags / Big bags

Delivery

DAP, destination by agreement

Product overview

Product characteristic	Feed-grade mineral
Form / grade	Confirmed with the offer
Analysis	Grade-specific TDS on request
Batch documentation	Requested with quotation

Portfolio characteristics are indicative. Numerical analysis, grade and acceptance limits require a current grade-specific TDS.

This sheet is not a batch certificate, signed TDS or certificate of analysis. Current technical documentation and applicable certificates are available on request.
